

## The Poultry Industry Creates Jobs in Minnesota

Minnesota companies that produce and process poultry and eggs are an integral part of the state's economy. Poultry producers along with the companies that provide supplies and materials to the industry provide well-paying jobs in the state and pay significant amounts in taxes to state and federal governments.

### Economic Impact of the Poultry Industry in Minnesota

	Direct	Supplier	Induced	Total
Jobs (FTE)	23,747	32,641	35,965	92,353
Wages	\$1,634,134,200	\$2,239,246,500	\$1,969,727,300	\$5,843,108,000
Economic Impact	\$9,441,264,600	\$10,636,096,500	\$5,928,615,000	\$26,005,976,100

### The Poultry Industry is an Integral Part of the Economy in Minnesota

- ❖ The poultry and egg industry in Minnesota employs as many as 23,747 people across the state and generates an additional 68,606 jobs in supplier and ancillary industries. These include jobs in companies supplying goods and services to the industry.<sup>1</sup>
- ❖ These are good jobs paying an average of \$63,269 in wages and benefits. And in today's economy, every job is important. In fact, in Minnesota the unemployment rate has reached 3.2 percent. This means that there are 99,100 people trying to find jobs across the state.<sup>2</sup>

### The Economic Benefits of the Industry Spread Throughout the State

- ❖ Not only does the poultry and egg industry create good jobs in Minnesota but the industry also contributes to the economy as a whole. The broader economic impact flows throughout the economy, generating business for firms seemingly unrelated to the poultry and egg industry. Real people, with real jobs, working in industries as varied as banking, real estate, accounting, even printing all depend on the poultry and egg industry for their livelihood.
- ❖ In fact, in 2016, the industry was responsible for as much as \$26.01 billion in total economic activity throughout the state, creating or supporting as many as 92,353 total jobs.

### The State also Benefits from the Taxes Paid by the Industry

- ❖ Not only does the poultry and egg industry create jobs, it also generates sizeable tax revenues. In Minnesota, the industry and its employees pay about \$1.74 billion in federal taxes, and \$845.02 million in state and local taxes.
